SCHOOL VISION

MACA

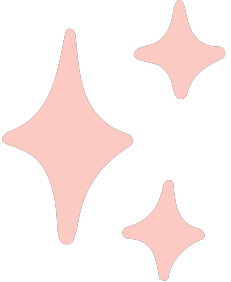

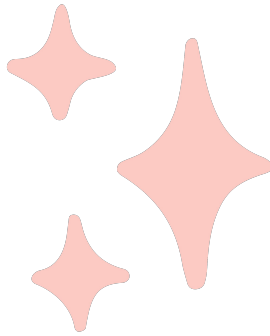

School Vision

Summary of Meeting notes:

- PACA likes to partner with parents
 - Timely responses and clear communication were a first step toward improvement
 - Expectation of school growth. Approved by the Board. The next step after receiving the feasibility study is the architects proposals.
 - How can parents help? Praying, talking to friends about PACA, for the right teachers, talking to influential people who would like to invest in our school, etc.
 - As soon as we have solid plans, we will share.
- 

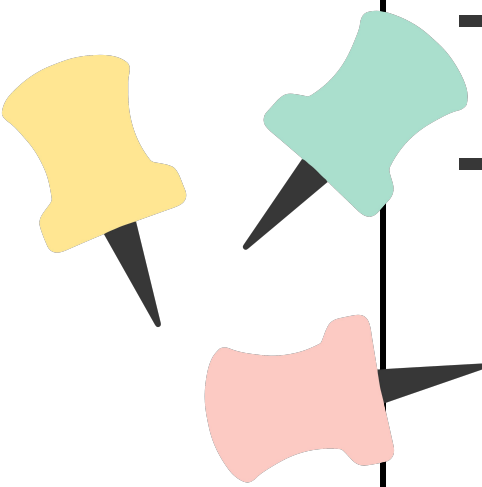

BOARD STRUCTURE

Board Structure

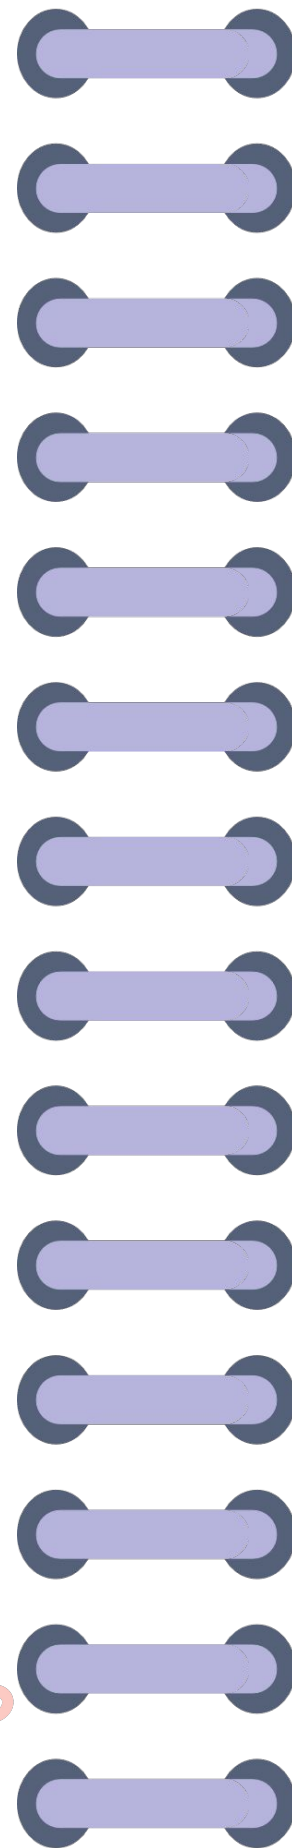

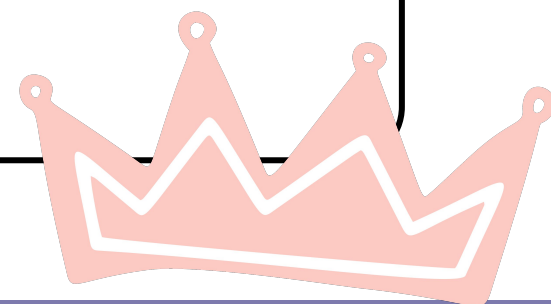

Summary of Meeting notes:

- School has only one “head”: Mr. Meier
 - The Board does not manage, teach, etc. The school Leadership does that.
 - Use of Carver Model
 - Mr. Meier is the Board’s only staff member
 - PACA is open to hearing suggestions, visions, dreams, etc.
 - Pray for the Board and for new board members
- 

Questions

- Lunch times & food options:
School-wide survey is opened but it is recognized that PreK food service is more unique and needs attention. ES parents received the survey in Feb.
- Screen time in the classroom:
screen time is only for complementary and academic purposes.

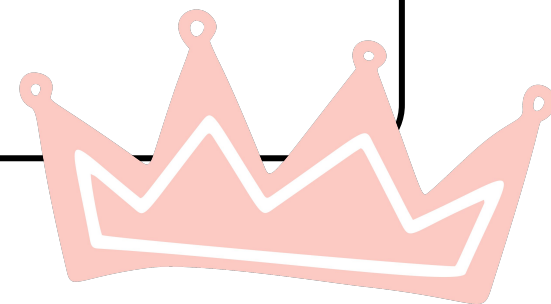

Questions

- International Festival
- Other Topics?

Questions During meeting

- Teacher Evaluation: Parents receive surveys to give feedback about teachers. Surveys are one opportunity to share, but principals are also open to hearing parents feedback during the school year

Questions During meeting

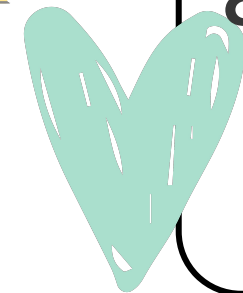

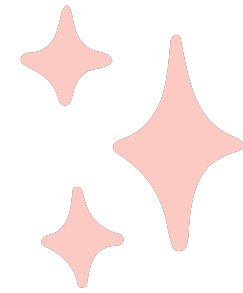

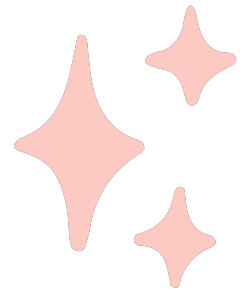

- Do teachers receive anti-bullying training? Yes, they do!
- Little Warriors: clubs such as chess club, music club, etc, are being studied for the next steps. Last year's Parent survey gave feedback. Please share feedback with Mrs. Stockment.

THANK YOU
